How to Find Your Routing Number

There are two ways to find your routing number. All you need is a voided check or just look at your account number in Online Banking. The chart below will enable you to use the third and fourth numbers of your account number to find your routing number.

IF YOU HAVE A CHECK

You can find your routing number on the bottom left of a voided check.

When initiating a wire transfer to Huntington please use 044000024. Huntington National Bank's swift code is HUNTUS33, which may be needed for international wire transfers.
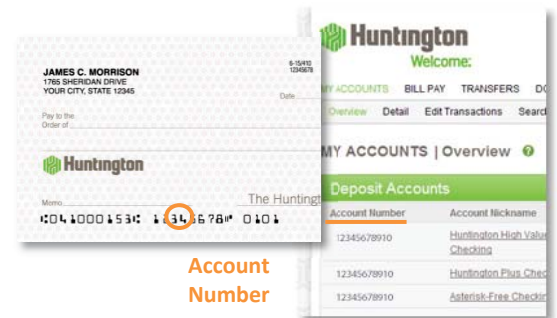

Routing Number

IF YOU DON'T HAVE A CHECK

You can also use the third and fourth numbers of your account number to determine your routing number.

You can find your account number either on the bottom of your check or in Online Banking. In the example to the right the number you would use in the chart below is "34". In the chart below you can see that "34" corresponds to the routing number, 074000078.
