### 3 OVERDRAFT AND RETURN FEES

**Overdraft Fee** **\$37.50** Per overdraft item, except \$23 for first occurrence in prior 1-year period. Fee charged if we allow transactions to go through even though you don't have enough money in your account. No overdraft fees unless final account balance for the day is overdrawn by more than \$50. Limit of 4 fees per day. Examples are overdrafts caused by check, in-person withdrawal, debit card purchase, ATM withdrawal or other electronic means.

**Return Fee** **\$37.50** Per returned item, except \$23 for first occurrence in prior 1-year period. Fee charged when you don't have enough money in your account and we return an item (for example, a check is "bounced" or a transaction is returned unpaid). Limit of 4 fees per day. Examples are return of checks and transfers, or withdrawals by electronic means.

***For both overdraft and return fees, an "occurrence" means a day for which there is at least one transaction in your account to cover, whether we pay or return the transaction and whether or not we charge a fee.***

**Extended Overdraft Fee** **\$25.00** If your account is overdrawn for five consecutive business days, we will charge you a fee on the next business day (if your account is still overdrawn), and then again on every fifth business day while your account remains overdrawn, up to a maximum of four \$25 fees (or \$100) during that time. There is no fee if your balance is overdrawn by \$50 or less. Counts as being overdrawn when caused by any debit.

***Remember, if we decide to waive a fee, the terms of the Account Documents will not change and we are not required to waive that fee again in the future.***

**ATM & Debit Card Transactions:** We generally won't authorize ATM or debit card transactions when you don't have enough money available in your account unless you opt in to overdraft options for ATM and Debit card transactions. Learn more at <https://www.huntington.com/disclosures/REGEOODDISCLOSURE.pdf>

See your Account Documents under "Special Rules for Pending Transactions" for an explanation of how ATM and debit card transactions impact when we charge Overdraft Fees or Return Fees.

Sometimes, even if you have opted out of ATM and Debit card transactions, those transactions may cause an overdraft in your account even if there is not enough money available. In that case, we will NOT charge an Overdraft Fee. As a result, you may incur more Overdraft Fees from us when you opt in to overdraft options for ATM and Debit cards.

**Other Types of Transactions:** You have the option to request that we pay or return check or ACH transactions when there is not enough money in your Account. This election is separate from your opt-in or opt-out choice for ATM and Debit card transactions.

**Remember, the decision to pay, return, or decline any transactions is at our discretion regardless of the elections you make.**

**24-Hour Grace®:** For any business day that your account is overdrawn at the end of the day and one or more Overdraft Fees are incurred, we will waive those Overdraft Fees if your account is not overdrawn by more than \$50 at the end of the next business day. Any deposit to cure the overdraft must be made prior to midnight CT at the end of that next business day. In figuring the amount needed to cure the overdraft, remember to take into consideration other transactions, such as checks or other debits that may be posted to your account that will affect the amount needed to cure. We are unaware of these other transactions until they are presented to us for payment, and usually that is not until we finish processing after the end of that next business day. This means only you know all of your transactions that may affect the amount needed for 24-Hour Grace to apply. 24-Hour Grace does not apply to Extended Overdraft Fees or Return Fees, nor does it affect the number of overdraft occurrences for purposes of determining the amount of an Overdraft Fee.

## 3 OVERDRAFT AND RETURN FEES - CONTINUED

### TRANSACTION POSTING ORDER

On Business Days, we post deposits and credits first, followed by specific categories of debits, which may include checks, ACH transactions, and electronic transactions (such as Debit Card and ATM transactions). Fees and interest (if any) are posted last. Within the specific categories of debits:

- We post electronic transactions in chronological order by using the date and time assigned to the transaction and that date and time could be in a different time zone from where you are conducting the transaction.
- We post checks in check number order, unless the check is cashed in the branch, in which case we post those checks first.
- We post other transactions in low-to-high order based on amount within their specific categories.

We try and post debit transactions in the order in which you spent your money. Because the transactions involved in posting order can vary from customer to customer, the description above is generally how we handle transaction posting order. However, we may change our transaction posting order at any time in our discretion without notice to you.

## 5 TOTAL RELATIONSHIP BALANCE

You can avoid the monthly checking maintenance fee for any statement period on this checking account when you keep a total relationship balance of at least \$25,000 in eligible deposits held directly with us or investments made through our affiliate, The Huntington Investment Company. Eligible deposits are this account and any other checking, money market, savings, certificate of deposit (CD), and individual retirement (IRA) accounts owned by you. Eligible investments are those in your name which The Huntington Investment Company reports to our deposit system for inclusion in the total relationship balance, and generally include investments (both IRA and non-IRA) held in brokerage accounts and certain direct investments in mutual funds and annuities, as well as retail life insurance products. We figure the total relationship balance each month by adding the qualifying balances, as we determine them, for all of your eligible accounts to the average daily balance of this checking account for the monthly statement period.

We calculate the average daily balance by totaling the balances in your account from the end of each day in the applicable statement period and dividing that amount by the number of days in that period. However, for new accounts or closed accounts, we only count the number of days that the account was open during the applicable statement period for purposes of determining the average daily balance.

## **BONUS ADDENDUM**

### **Earn 25% more points for rewards for your Huntington Voice Credit Card®**

There are two options with your Voice Credit Card: 1) a Rewards option, where you can earn points to redeem for cash or merchandise, or 2) a Lower Rate option, with a lower rate than the Rewards option. If you choose the Rewards option and you also open a qualifying Huntington deposit account, you will get a 25% bonus on points earned for Rewards on your Huntington Voice Credit Card. If you have received this Bonus Addendum with your Account Documents for your deposit account, you have opened a qualifying Huntington deposit account. When you open your qualifying Huntington deposit account or your Voice Credit Card, it may take up to 10 days to link the accounts for the 25% bonus. You also must maintain your qualifying Huntington deposit account and your Huntington Voice Credit Card to continue to be eligible for the 25% Rewards bonus. After your accounts are linked, the 25% bonus is calculated on the single points earned for each transaction and is not calculated on any bonus points, including any bonus points earned in the 3X Rewards category. The 25% bonus in points will be added to your reward point totals and will be reflected on your credit card statement each month. Please review your Rewards terms and conditions for more information, including when you no longer qualify for rewards because your Voice Credit Card is not in good standing.

This "Addendum" is part of the Account Documents for the consumer deposit account you are opening.
