

EMBASSY HEALTHCARE

At Huntington Bank, we see something big happening in Cleveland. This is Renee Csuhran. Welcome to Huntington's Best In Business. When Aaron and Darla Handler first met as work colleagues, they had no idea their relationship would blossom into a marriage, and eventually, a successful healthcare business. Located right here in greater Cleveland, Embassy Healthcare provides complex clinical services to people needing short-term rehabilitation and long-term care. With its network of skilled nursing, rehabilitation, and assisted living centers throughout Ohio, Embassy Healthcare provides quality patient care with the same love and devotion on which the company was founded. Embassy Healthcare's mission is simple: make the lives of patients better and simplify the caregiving process. At Huntington, we believe in supporting businesses like Embassy Healthcare – businesses that do the right thing and make our communities stronger.
