<b>Extended Overdraft Fee</b>	<b>\$25.00</b>	If your account is overdrawn for five consecutive business days, we will charge you a fee on the next business day (if your account is still overdrawn), and then again on every fifth business day while your account remains overdrawn, up to a maximum of four \$25 fees (or \$100) during that time. There is no fee if your balance is overdrawn by \$50 or less. Counts as being overdrawn when caused by any debit.
-------------------------------	----------------	--

---

**24-Hour Grace®:** 24-Hour Grace is available for Overdraft Fees and Return Fees. For 24-Hour Grace to apply to Overdraft Fees, on any business day that your account is overdrawn at the end of the day and you incur one or more Overdraft Fees, generally we will waive those Overdraft Fees if by midnight CT of the next business day: a) you deposit enough funds to cover all of the overdrafts and any other transactions that post to your account and b) your account is not overdrawn by more than \$50, except as explained below. Any deposit to cure the overdraft must be made before midnight CT at the end of that next business day. 24-Hour Grace does not apply to Extended Overdraft Fees.

## 2. OVERDRAFT AND RETURN FEES - CONTINUED

For 24-Hour Grace to apply to Return Fees, on any business day that you do not have enough money in your account to cover a transaction and you incur a Return fee due to a returned item, such as a check, we will waive the Return Fee and pay the pending items if by midnight CT of the next business day: a) you deposit enough funds to cover the amount of the eligible returned items and any other transactions that post to your account and b) your account is not overdrawn by more than \$50. Because the items eligible to be returned is in our discretion, not all returned items will qualify for 24 Hour Grace. You can determine which items qualify for 24 Hour Grace on the business day in which you must make a deposit by logging into the online system or call us to understand what items are available for you to cure.

For you to take advantage of 24-Hour Grace, generally your deposit must be enough to cover all of the overdraft and eligible return items (except as explained below) from the previous business day PLUS any other transactions that will post that day. This is because the order in which we process transactions starts with your current day's activity and overdraft or eligible return items from the previous business day are usually processed later in the order. This is why you should remember to take into consideration transactions, such as checks or other debits, that may be posted to your account on the day you make the deposit that will affect the amount needed to take advantage of 24-Hour Grace. We are unaware of these transactions until they are presented to us for payment, and usually that is not until we finish processing after the end of that next business day. This means only you know all of your transactions that may affect the amount needed for 24-Hour Grace to apply.

A deposit that covers only part of the overdrafts or return items may not result in waiver of any fees. If you have overdraft items and returned items that are eligible for 24-Hour Grace, and you deposit funds to cure only the overdraft items (and not the return items), your Overdraft Fees will be waived, but you will be charged Return Fees. However, if you have overdraft items and returned items that are eligible for 24-Hour Grace, and you deposit enough funds to cure only the return items (and not the overdraft items), you will be charged Return Fees and Overdraft Fees and we will not pay your return items.

We may remove 24 Hour Grace from your account for unusual circumstances, such as fraud.

24-Hour Grace may not apply to certain accounts or Treasury Management Services.

## 6. DEPOSIT RELATIONSHIP BALANCE

The business can avoid the monthly checking maintenance fee for any statement period on this checking account when the business keeps a total deposit relationship balance of at least \$50,000 in a combination of deposits held directly by us. Eligible deposits are this checking account and any other checking, money market, savings, or certificate of deposit (CD) account(s) owned by the business, but deposits owned by separate legal entities (even those that share EINs or TINs) are not eligible. We figure the total relationship deposit balance each month by adding the average daily balance for all eligible deposit account balances of the business for the applicable statement period.

We calculate the average daily balance by totaling the balances in your account from the end of each day in the applicable statement period and dividing that amount by the number of days in that period. However, for new accounts or closed accounts, we only count the number of days that the account was open during the applicable statement period for purposes of determining the average daily balance.
