## EXPANDING OUR IMPACT

### **SPONSORING APP EXPANSION FOR NEURODIVERSE COMMUNITY.**

Since 2022, Huntington has been working with Magnusmode, a Canadian-based tech company and creator of the MagnusCards mobile app, to help make banking more accessible to people with autism and other neurodiverse abilities. Huntington recently sponsored the expansion of the MagnusCards app, which now includes five additional languages, including French, Polish, Somali, Arabic and Spanish. Each digital Card Deck combines educational methods, visual instruction, personal assistance and realistic scenarios to support inclusive and independent living.

### **IGNITING THE CLASSROOM FOR EDUCATORS AND STUDENTS.**

This year, Huntington announced a new education-focused partnership with the Ron Clark Academy, a highly acclaimed nonprofit middle school and professional development facility. Through “Ignite the Classroom,” Huntington will recognize educators, and provide them with the tools they need to inspire future leaders. Working with local communities, more than 2,000 scholarships will be given to attend a two-day training.

Whether providing financing for high-impact community development projects, making homeownership more attainable to borrowers in historically under-resourced communities, or offering small business owners support to achieve their goals, Huntington provides important resources to support the unique needs of the communities we serve.
