

Loan Make a Payment Disclosure

The Make a Payment service debits the amount you authorize from your provided deposit account. By using this service, you authorize us to initiate a debit from your deposit account (e.g., checking or savings account) that you specified. Your payment will be debited from the deposit account you indicate on the specified date selected or the next business day if the specified day is a non-business day, that is Saturday, Sunday, or a Federal holiday. You authorize us to debit your account for the amount you select.

Funds for this transaction must be available in your deposit account. If there are insufficient funds when the payment is scheduled to be debited, your bank may return that amount, and if that occurs, we will reverse the Total Amount from your loan, and fees may be automatically assessed on your loan for insufficient funds, as permitted by law. Your authorization and your use of the Make a Payment service is optional and is not required in order to obtain credit from us.

Pending payments can be delated online from the Scheduled payment tile. To cancel a scheduled payment, click the X next to the payment amount. Then in the confirmation window, select Cancel Payment. Scheduled payment must be canceled before 9:00 p.m. ET. of the scheduled date.

If you have questions regarding our Make a Payment service, please contact Customer Service at 866-921- 5871.

Please retain a copy of this authorization for your records.
